

The total 132 inspector trainees of 165<sup>th</sup> Basic training (8<sup>th</sup> batch of PGDPS) of National Police Academy were participated in rock climbing activity on 11<sup>th</sup> April 2017 as a part of skill development training at Dumre, Tanahu district. The trainees completed their tactical training of 21 working days right before day of rock climbing. The participants were introduced to Rappelling and artificial wall climbing as well. The other skill development training carried out during the training are horse riding, swimming, motor vehicle driving and so on. National Police Academy believes in the skill development training as it builds immense confidence along with the theoretical knowledge.
